- Sustained environmental benefit of the project to land and water resources beyond project completion
- Detailed project budget showing sound financial planning, if applicable
- Ability of applicant to successfully complete the project
- Quality and clarity of the proposal including a complete narrative

Final Report

All award recipients will be required to submit a final report. Details will be included in your award notification letter. Failure to submit a final report will jeopardize the grantee's eligibility for future funding.

Free Native Plants Program

The Native Plants Program provides free native plants for use in school or community projects that benefit water quality, pollinators and education. These plants will be available in spring and fall each year. Spring plants are donated from community members through the Plant Dane native plant program and fall plants are grown by local volunteers. If interested in the Free Native Plants Program, applications are due February 1, 2022 for the spring cycle and July 1, 2022 for the fall cycle. Application materials can be found at: <https://lwr.dane.gov/grants-and-costshare/free-plants>

Proposal Narrative

Please do not exceed 1,000 words. It may be best to first write and edit in Word and then copy and paste into this application.

Proposal Continued

A large, empty rectangular box with a thin black border occupies the majority of the page. It is positioned below the section header and is intended for the user to write the continuation of their proposal.
